

# CURRICULUM VITAE

(以下資料中英文擇一回復即可)

## PERSONAL

### NAME(姓名，含英譯)

陳思羽

Shi-Yu Chen

### PROFESSIONAL APPOINTMENT (現職，含英譯)

三軍總醫院糖尿病中心糖尿病護理師

Tri-Service General Hospital, Taipei, Taiwan RN, CDE

### EDUCATION(學歷)

國立臺北護理健康大學

台大 EMBA 生物科技管理碩班

National Taipei University of Nursing and Health Sciences

### WORKING EXPERIENCE (經歷)

三軍總醫院代謝防治中心組長

糖尿病衛教學會理事第 3、7、8 屆監事

糖尿病衛教學會第 4、5、6 屆常務理事

### MAJOR RESEARCH AREA(研究領域)

#### 1. Impact of Type D Personality, Role Strain, and Diabetes Distress on

#### Depression in Women with Type 2 Diabetes: A Cross-Sectional Study

Shi-Yu Chen<sup>2</sup>, RN, CDE; Hui-Chun Hsu<sup>1</sup>, MS, RN, CDE; Yau-Jiunn Lee<sup>1</sup>, MD, PhD,

Yi-Jen Hung<sup>2</sup>, MD, CDE;

原文刊載 2023 **The Journal of Nursing Research**

2. Glycemic control in insulin in insulin-treated patients with type 2

diabetes: empowerment perceptions and diabetes distress as important

determinants:

Shi-Yu Chen<sup>2</sup>, RN, CDE; Hui-Chun Hsu<sup>1</sup>, MS, RN, CDE; Yau-Jiunn Lee<sup>1</sup>, MD, PhD,

Yi-Jen Hung<sup>2</sup>, MD, CDE;

原文刊載 2018 *biological Research for Nursing*

二型糖尿病患接受胰島素治療血糖控制探討 以賦權的觀點與糖尿病情緒困擾唯一重

要因素

3. One-year efficacy and safety of telehealth system in poorly controlled type 2 diabetic

patients with insulin therapy

Shi-Yu Chen<sup>2</sup>, RN, CDE; Hui-Chun Hsu<sup>1</sup>, MS, RN, CDE; Yau-Jiunn Lee<sup>1</sup>, MD, PhD,

Yi-Jen Hung<sup>2</sup>, MD, CDE;

原文刊載 *Telemed J E Health*. 2011 Sep 1. [Epub ahead of print]

4. 研究糖尿病患口腔照護介入對患者血糖控制及併發症發生之影響

**陳思羽** a, 林素瓊 a, 李建興 a, 謝昌勳 a, 謝義興 b, 洪乙仁 a

a 三軍總醫院內分泌及新陳代謝科, b 三軍總醫院牙科部

5. The effect of the Conversation Map program in patient with poor glycemic control

with type 2 diabetes mellitus when usual care is not enough

Yin-Ting Shih ; Hui-Chun Hsu ; **Shi-Yu Chen** ; Chang-Hsun Hsieh ; Ruey-Hsia Wang ;

Yau-Jiunn Lee ; Yu-Hung Chang

6.Hui-Chun Hsu,**Shi-Yu Chen**, Kuei-yun Lu, Huey-Shyan Lin, Pi-Li Lin, Pei-Ju Lee, Su-Yin Fang, Shyi-Jang Shin;Yau-Jiunn Lee.(2008) .Structural equation modeling analysis of Process and mediating variables associated with glycaemic control in patients with type II diabetes:Evidence of heterogeneity and individualization of diabetes educational program are required for patients with type 2 diabetes mellitus. *Association of diabetes educator 34<sup>th</sup> annual meeting.*

7.Hui-Chun Hsu; Pei-Ju Lee; **Shi-Yu Chen**; Yi-Jen Hung; Kun-Cheng Lin Su-Yin Fang; Yau-Jiunn Lee(2009) ·Insulin treatment satisfaction among patient with type 2 diabetes in South Taiwan. 中華民國糖尿病學會 2009 年年會

8.徐慧君、李佩儒、**陳思羽**、張毓泓、方淑音、李洸俊 ，“第二型糖尿病血糖控制不良個案經 AADE7 系統化評估後介入動機激勵會談之成效評估” ， 2010 華夏醫學會 . 上海 ， 2010.10

9.徐慧君、李佩儒、**陳思羽**、張毓泓、方淑音、林昆正、孫志銘、林妍君、劉美雲、陳思嬋、藍培心、顏素瑛、邱盈珠、林妤倩、馮淑燕、李洸俊 (2010)Effects of AADE7 systematic evaluation and motivational interviewing program on diabetic patients with poor glycemic control. 中華民國糖尿病學會 2010 年年會

10.徐慧君、李佩儒、陳思羽、張毓泓、方淑音、林昆正、孫志銘、林妍君、劉美雲、  
陳思嬾、藍培心、顏素瑛、邱盈珠、林妤倩、馮淑燕、李洸俊 (2010)第二型糖尿病血  
糖控制不良個案經 AADE7 系統化評估後介入動機激勵會談之成效評估 . *中華民國糖尿  
病衛教學會 2010 年年會*

11.Structural equation modeling analysis of Process and mediating variables  
associated with glycaemic control in patients with type II diabetes:

10.Evidence of heterogeneity and individualization of diabetes educational program  
are required for patients with type 2 diabetes mellitus

12.The Effectiveness of Intensive Insulin Diabetes Management Program For Type 2  
Diabetic Patient Receiving Initial Insulin Therapy  
Development of a New Measure to Predict the Acceptance of Initiating Insulin  
Treatment in Type 2 Diabetic Patients
